Subject 2447

**TO:** Subscribers to UL's Certification Services under UL's Outline for Containment Sumps, Fittings and Accessories for Fuels, UL2447

**SUBJECT:** Industry File Review (IFR) for UL2447- Effective Date Extension

As detailed in our letter of January 22, 2015, UL requested comments regarding an extension of the UL 2447 Industry File Review from June 30, 2015 to June 30, 2017. Based on the fact that no negative comments were received, this bulletin announces the extension of the Effective Date for the UL2447 Industry File Review to June 30, 2017.

In our previous correspondence, we discussed the possibility of hosting an online informational session to provide additional guidance relating to the new requirements in UL 2447 and the evaluation process. We plan to conduct that informational session on April 29, 2015. If you are interested in attending, please let us know and we will provide the necessary details for joining the meeting.

If you have any questions or concerns, please feel free to contact us.

Sincerely:
