ULC-G5.2

December 16, 2011

CERTIFICATION BULLETIN 2011-22

Effective Date Extension Announcement – CAN/ULC-S319-05

To:

1. Subscribers to ULC's Listing Service for Access Control Panels – ALVYC and Subscribers to cUL Listing Service for Access Control System Units Certified for Canada – ALVY7.
2. Subscribers to cUL Listing Service for Miscellaneous Signal Appliances Certified for Canada - UEHX7 (*for informational purpose*).

This bulletin is in continuation to the earlier Certification Bulletin No. 2008-11 announcing the new Certification Program for Electronic Access Control Systems.

The current effective date is June 16, 2012, however, based on requests made by our customers; the effective date has been revised to December 31, 2013.

All projects must be opened and samples received no later than December 31, 2012 in order to complete the projects by the effective date.

Please contact Mr. Todd Zhong (+416-757-5250, extn. 61209) or Mr. Faisal Khan (+847-664-2058) should you have any questions concerning the above.

Sincerely,

Underwriters Laboratories of Canada
