

How to locate a UL Listed Lightning Protection System Installer

Step 1 - Go to www.ul.com

TOOL

Product iQ™

Engineers, product developers and other professionals can use Product iQ to verify UL certification of products and components, locate UL guide information and search for alternative products they can trust.

Double click anywhere in the Product iQ box

- Scroll down to the Featured Tools section to find the Product iQ tool

- Alternatively, you can select “Resources” at the top of the UL page.
- Then choose “Tools, Apps, and Databases”.

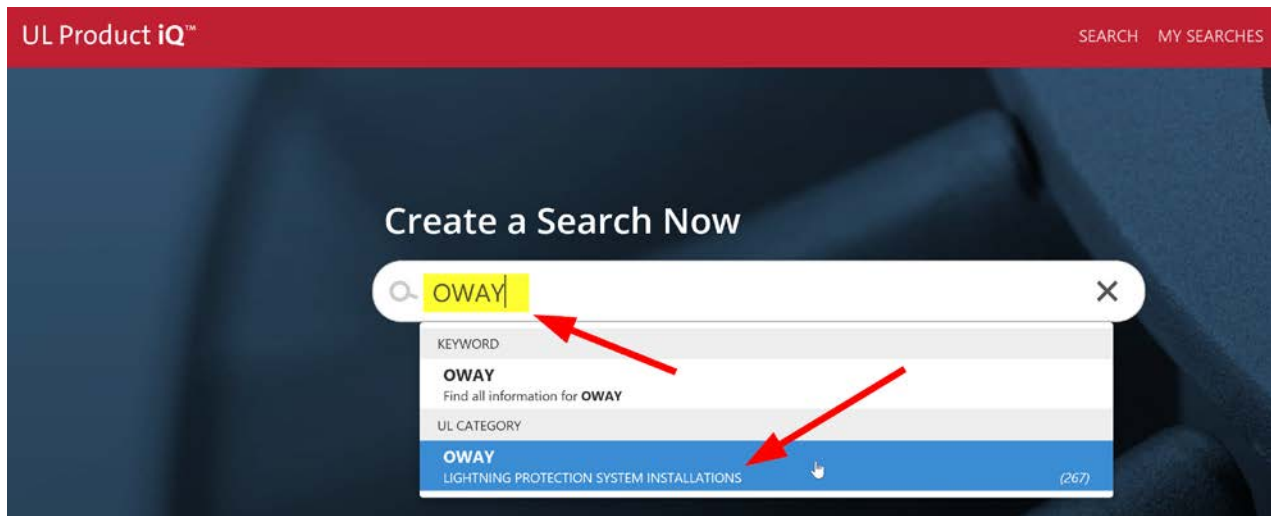

The screenshot shows the UL website's Resources page. At the top, the navigation bar includes 'Offerings', 'Industries', 'Insights', 'News', 'Events', 'About UL', and 'Resources' (highlighted in yellow). A search bar is on the right. Below the navigation, the 'Resources' section is titled. On the left, there is a paragraph about business intelligence tools and an 'Overview' button. In the center, a list of categories includes 'Tools, Apps and Databases' (highlighted in yellow), 'Help and Support', and 'Frequently Asked Questions'. On the right, there are sections for 'Marks and Labels', 'UL Standards', and 'Terms and Legal Information'. At the bottom right, there are two featured sections: 'myUL™ Client Portal' with a 'Go to myUL' button, and 'Certification Database — UL Product iQ™' with a 'Visit' button. Red arrows and blue boxes with numbers 1 and 2 indicate the path from the 'Resources' menu to the 'Tools, Apps and Databases' category.

- Once you have located the UL Product iQ tool, then open it by double clicking anywhere in the box.
- You will need to register to use this Product iQ search engine.
 - Registration is free and only takes a few minutes.
- Once registered and logged in, you can utilize the search feature.

Step 2 - The search page (as shown below) is where you can enter the UL Category Control Number (CCN) or other keyword

- For example: Enter OWAY
 - OWAY is the CCN for UL Lightning Protection System Installers
